Three Local Men On Grand Jury Panel

After 20 months of operating without a county grand jury, Superior Judge Aylett R. Cotton has announced that he will select a 19-member jury from a list of 30 names on December 1.

Included on the list are Victor Baker, engineer, Daly City; Walter Ricconi, Alma mortician, and Edward Bocci, Lawndale monument designer.

Despite the fact that the 1946 grand jury made a strong report on sampling operations in the county, Judge Cotton has held, for the past 20 months, that he saw no conditions requiring grand jury action.

His reasons for appointing a jury at this time were not announced.

Reverend McKisson And Wife Return

Glad to be back in Daly City after an absence of two and one-half years are Reverend and Mrs. C. McKisson. The McKissons have been traveling as evangelists through California, Oregon and Washington and spent three months touring Canada.

Reverend McKisson will again preach at the Grace Nazarene Church where he formerly was the minister for three years. He is taking the place of Reverend Merila Swafford, who held the position during McKisson's absence. Reverend Swafford will be the new minister of the Alameda Nazarene Church.

87,741 Votes Cast Throughout County In Nov. Election

Setting a new high in San Mateo county history, final tabulation of votes in the November general election showed 87,741 county residents going to the polls on November 2, according to Russell J. Patterson, chief clerk of the election department. A total of 105,089 voters were registered, Patterson said.

Although the total vote was the highest in history, only 83.5 per cent showed up at the polls. The highest percentage vote was established in 1944, when 85 per cent of those registered showed up at the polls.

Tabulations showed the following results:

For president: Dewey, 48,910; Truman, 34,215; Wallace, 2,993.

For congressman: Anderson, 66,425; Taylor, 13,427.

Assemblyman: Dolwig, 44,967; Hardgrove, 33,669.

For County Proposition "A," abolishing the office of elective county executive and creating an appointive county manager: Yes, 58,346; No, 28,351.

COUNTY LINE RAPE SUSPECT JAILED

A San Francisco mechanic was arrested in the county jail after being arraigned in Daly City's police court Friday on suspicion of assaulting a San Francisco woman in Daly City last week. Judge William J. Sweeney set bail at \$1,000 cash or \$2,000 bond.

The man, Millard H. Haney, 29, was identified Friday by his victim as the man who dragged her so savagely both her jaws were broken in a rape attempt last week in Daly City, on Mission street near the county line.

Judge Sweeney set November 30 as the date for preliminary hearing on the case.

Water Job To Pay \$260, Council Gets Three Other Lists

Receipt of eligible lists from the Civil Service Board of Review was the main item of business for the city council in a regular meeting Monday night.

The Board of Review recommended a starting salary of \$260 per month for a male chief clerk in the water department, and this was approved by the council. The Board was instructed to proceed with an examination to produce an eligible list.

Also received were eligible lists for the following city jobs:

Maintenance Man, Water Department—David Newman, Thomas Jones, Joseph Kahn.

Service Man, Street Department—Thomas Jones.

Policeman—David Hansen, Harry A. Kemp, Lester Bastida, John Van Otten.

The council approved donations in the amount of \$50 to a veterans hospital Christmas gift, and \$25 to the Tuberculosis Association Christmas drive.

A certificate from the county clerk, certifying the results of the election on Proposition B on November 2, was incorporated into the minutes and recorded.

A resolution authorizing an arterial stop sign on Mission street at San Jose avenue was passed as a traffic control measure.

The council adjourned the meeting until next Monday, when a resolution approving the map of the first unit of Westlake subdivision will be approved.

Before the council meeting Monday, a hearing was held on creation of an assessment district in Hillside Manor to pay for streets and improvements. There were no protests.

Arthur Gets The Record And Knows What's Doing

The Record gets around. Monday the city council received a letter from Arthur Dalton, in Seattle, Washington, which said in effect: "I read in the Daly City Record where your board was considering granting a permit for a cement plant on Dunks street. I am against it."

The council was against it, too, and denied the permit.

Building Permits Over \$2 Million In Twelve Months

Construction in Daly City proceeded to the tune of \$2,373,062 during the twelve months from November 1, 1947 to October 31, 1948, it was announced by the municipal building inspector Monday.

Two hundred and twenty new dwelling permits, at a permit cost valuation of \$1,758,250, were taken out during the twelve month period.

In addition, there were 31 commercial buildings erected, at a cost of \$494,127.

One hundred and fifteen permits for alterations to existing buildings added \$120,685 to the cost figures.

Fees collected by the building inspection office during the same period amounted to approximately \$16,500.

It is expected that an all-time high in building permit activity will be experienced in the next twelve months. Besides numerous commercial buildings which are anticipated, more than two hundred homes will be constructed in the newly annexed Garden Valley project at the southern end of the city and in a new subdivision near Edgemoor and Bellevue streets.

Absentee Ballot Change Recommended By Council On Kirchhubel Analysis

The city council will recommend that the State Legislature make a change in the election laws pertaining to absentee ballots, as a result of an analysis presented by George Kirchhubel at Monday's council meeting.

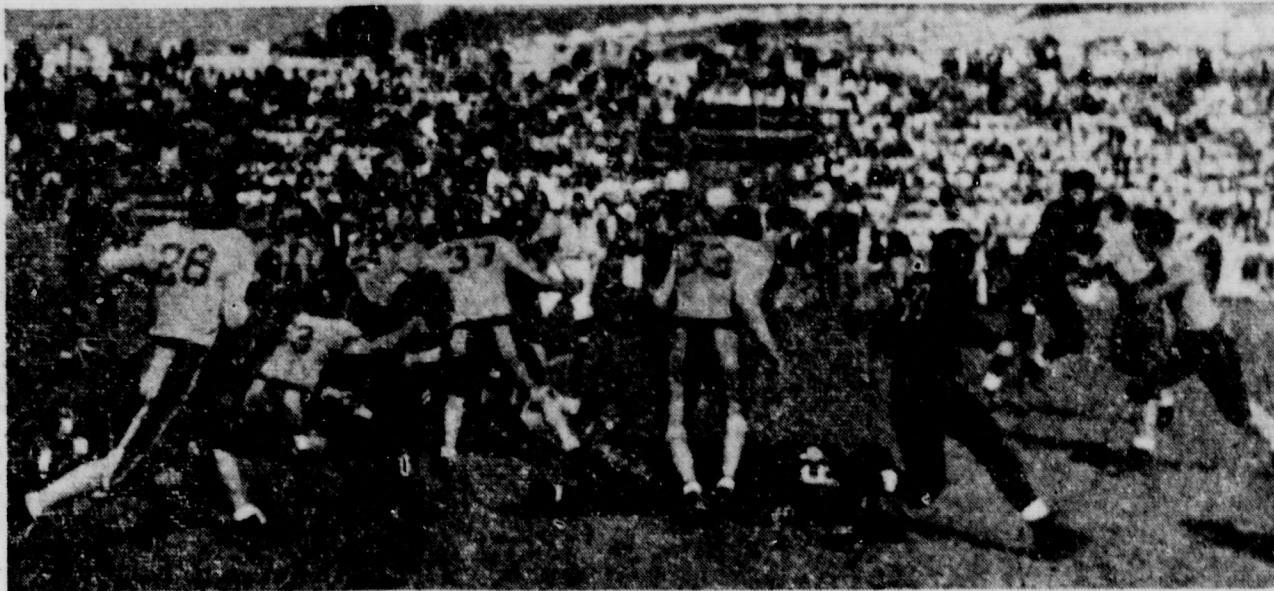

Kirchhubel pointed out that a recent change in procedure calls for the city clerk to present absentee ballots to individual precincts on the day of election. These ballots, when opened with the others, cause the following:

1. The secrecy of the ballot is destroyed.
2. In case of a recount, it is impossible to identify absentee ballots, and they may be disqualified, since usually a stamp is not used to indicate voting preference.

Formerly, absentee ballots were kept separately and canvassed by the governing body.

The council instructed the city clerk to write to Assemblyman Richard Dolwig and Senator Harry Parkman and request them to institute corrective action.

PRELUDE TO THANKSGIVING GAME HERE

Picture above shows Jefferson High's Paul Willbanks (38), Frank Druhan (37) and Richard Bradford (23) stopping a San Mateo high ball carrier in the Indians last home game here. Other Jefferson players are Rico Ottonello (33) and De Wayne Curtner (28). San Mateo won this one, 19-0.

The Jefferson team plays South San Francisco on the local field Thursday morning at 11 a.m.

What Have You Got To Be Thankful For?

Ever since the early settlers on the New England coast took time from their hardship and adversity to set aside the last Thursday in November as a Thanksgiving Holiday, Americans throughout the United States have observed a similar holiday each fall.

Compared to Americans in 1948, the Pilgrims had little to be thankful for. Nevertheless, they appreciated what they had, and they were particularly thankful for one thing — their Freedom. Freedom was new to them.

Freedom is not particularly new to us, in 1948, but that is just another reason why we should be thankful for it. Hundreds of millions of people, throughout the world, are still wishing for freedom, and we realize how fortunate we are compared to many other people.

We have our troubles today, of course, but Thanksgiving Day is a day when we stack up our benefits and blessings against our afflictions, to be humbly grateful for the American way of life.

On Thanksgiving Day we forget our troubles and rejoice in our blessings.

Just as we reaffirmed our faith in our President earlier this month at the election booth, on Thanksgiving Day we reaffirm our faith in ourselves, in America and in the future.

We never realize how fortunate we are until we stop to think about it. When we do stop to think about it, we can express our gratification for our physical and spiritual advantages only through prayer.

We can be thankful that we have survived a terrible World War, and that we are still a free people.

We can be thankful that the anguish, and illnesses and troubles which every person experiences, are behind us.

We can be thankful that the future holds great promise for us.

We can be thankful for our families, our friends, and the happiness which each person can only find within himself.

Happiness depends on a sense of values. A small boy, watching a more unfortunate person hobble across a street on crutches, decides that crutches would be fun and wishes for a pair of crutches beneath his Christmas tree, not realizing the full import of the situation.

We are all small boys at heart, in a certain sense, but, on Thanksgiving Day, instead of wishing for apparent advantages enjoyed by other people, we should be humbly grateful for the happiness we can find within our own lives.

GRATITUDE OF FRANCE FOR AMERICAN AID EXPRESSED IN RECENT LETTER

A letter expressing gratitude to the American people for the aid they have given France was recently received by Mrs. Paul Dumont, 74 San Pedro avenue.

Mrs. Paul Dumont, a French war bride of World War I, knew the writer, Jean Mardigny, when he was going to high school. Mrs. Dumont recently returned from France where she was visiting friends and relatives during the summer months.

The letter follows:

"Before all, I ask you to excuse me if I write so a wrong English. To have studied alone, with a book, even during a few months, that doesn't make a very learned person. Here you will have the proof of that. However I choiced to express myself in your language: it seemed to me it would be more friendly."

"When I was a child, the America was in my imagination the land of the adventure, furrowed by the indian rides. The sun itself was bearing a feathered aureole. Since many days went down; I have now a righter feeling of the things and the U.S.A. are revealing me their real visage by little and little. I take pleasure in this progressive knowledge."

"It is true that your heartiness

PERSHING PTA BAZAAR

The General Pershing P.T.A. will hold a bazaar December 7 at the Pershing school. The bazaar will open at 11 a.m. A 50 cent spaghetti lunch will be served.

At the regular meeting hour, 1:30 p.m., Dr. William Harberts will speak to the group. They will also be entertained by the Mothersingers.

Xmas Seals On Sale Now For 1949 Drive

The most important annual sale of tuberculosis Christmas seals in the history of the San Mateo county Tuberculosis Health Association opened yesterday, with the pioneer group seeking financing for one of the most eventful years in its history.

Seal Chairman Bradford M. Melvin declared today that the free X-ray program, case-finding and educational activities will be augmented during 1949 by the need of planning utilization of the county's new million dollar tuberculosis hospital.

The sales quota this year is \$42,500 and the association aides said that this is an absolute minimum if high service standards are to be continued.

The Christmas seals are the only method used for obtaining funds for the association.

STORES SAY THEY CAN DROP PRICES IF STATE AGREES

Answering a charge by A. A. Brock, state director of agriculture, that Safeway Stores was asking for a "monopoly" when it requested permission to charge lower prices for milk in stores at a Joint Legislative Committee meeting in Los Angeles two weeks ago, Lingan A. Warren, president of the grocery chain, said:

"If the State will let us, we can sell milk for 2c or 3c less than the present price per quart for home delivered milk with no reduction in the price given the producer."

"This is true because of the savings made through the type of distribution where the consumer performs a portion of the distribution costs by paying cash for his milk and carrying the purchase home."

"Mr. Brock in his hurried desire to smear Safeway by the cry 'monopoly' forgets that there are more than 16,000 grocery stores in California who also could offer the consumer real savings on cash-and-carry milk if his Bureau of Milk Control would establish consumer store prices based upon the actual cost of this type of distribution."

The Bureau of Milk Control fixes minimum prices for milk delivered through retail stores, on a basis of "average distribution costs."

Daly City Woman Found Dead Here

Mrs. Sarah Epstein, 355 Willets street, was found dead from natural causes in her home by Daly City police last Saturday. She had been dead for three or four days.

The Daly City police were called when a neighbor noticed that the elderly woman had not come out of her house for several days.

Funeral services were conducted by Chevra Kadisha Sinai Memorial Sunday, with interment at Eternal Home Cemetery.

Mrs. Epstein, a resident of Daly City for about 30 years, was the widow of a former shoemaker in this city. She leaves no survivors.

Jefferson high school's Indian football team, who have yet to break into the win column in 1948 Peninsula Athletic League competition, will undergo the acid test Thanksgiving morning at 11 o'clock, when they meet a favored South San Francisco high school eleven on the Jefferson gridiron.

South City, with a more experienced team, has won about half its P.A.L. contests, and is given the edge in Thursday's meeting, but nevertheless Indian rooters are pulling for an upset.

SCRAPPY TEAMS

Coach Glenn South's Jefferson squad, young, light in weight, and with only one 1947 veteran in uniform, are a scrappy aggregation which could turn the tables on South City. The windy city coach, Ben Beamble, said he expects a battle and that his team is anything but over-confident.

The traditional Turkey Day football game is the upshot of the season for both teams. Daly City and South San Francisco have been intense rivals in all sports ever since the two schools came into existence.

Both teams will probably shoot the works Thursday morning, and fans will see a razzle-dazzle type of football with plenty of passing, fourth-down gambles, and shoot-the-works plays from any place on the playing field.

The Jefferson stadium seats approximately 1,800 people and a sell-out crowd is expected to be on hand early for the contest.

For many Daly City parents it will be the first opportunity to

Burlingame Eleven Beats Jeff, 34-12

Despite two long touchdown runs by diminutive Don Lunghi, fleet Indian halfback, Coach Glenn South's Jefferson varsity dropped a 34 to 12 decision to a strong Burlingame football squad Friday at the peninsula high school.

A light, scrappy football aggregation by lack of reserves. Composed largely of sophomore talent, the Jefferson team has presented strong first - half competition throughout the season, but lack of depth in all positions has lost most of their games for them.

Burlingame high had previously defeated South San Francisco, who meet Jefferson here Thanksgiving morning, by a 13 to 6 score.

SPECIAL PROGRAM FOR LIONS LUNCH WED.

A special Thanksgiving program has been arranged by Stanford Hannah for the regular Wednesday luncheon meeting of the Daly City-Colma Lions Club tomorrow at Estrada's, it was announced today by Arnold Panella, Lions president.

Panella also stated that the group would drop from membership those who fail to be present for at least one meeting per month.

watch their offspring perform in a football uniform.

PROCLAMATION

More than three centuries ago a small group of Pilgrims, having struggled successfully to establish themselves in the New World, paused to give thanks to Almighty God for the bounty of their first harvest. Their humble ceremony marked the origin of a great American tradition, the observance of Thanksgiving Day.

Like those early settlers, we have reason for expressing gratitude for the many blessings which have been bestowed upon us during the past year. As individuals, each of us can recall simple satisfactions which have helped to bring happiness into our lives. As a nation, we can be humbly grateful for having been spared the suffering and the fear that afflict less fortunate people in other lands. Out of our abundance we have been able to help feed and clothe needy millions abroad.

It is fitting, therefore, that we join in expressing our gratitude to Almighty God through prayer, by devoting ourselves anew to the study of His word and by reaffirming our faith in the spiritual values which for generations our people have held dear. Many of us will wish to share the pleasure of our thanksgiving dinner with the hungry

in other countries by contributing to the food collection drives of churches and other officially approved organizations.

It is with these thoughts in mind that I, Earl Warren, Governor of California, do hereby proclaim November 25th, the fourth Thursday of November, 1948, as THANKSGIVING DAY in California.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the Great Seal of the State of California to be affixed this 18th day of November, 1948, as THANKSGIVING DAY in California.

Signed: EARL WARREN, Governor of California.

ATTEST: FRANK JORDAN, Secretary of State.

NEWS FROM THE SCHOOLS

JEFFERSON

On Fridays the children in the first grade are dramatizing the story of "Gray Squirrel's Party."

Jo-Ann Varni is playing the part of Gray Squirrel. Barbara Casenave is playing the part of the duck.

This is giving the class an opportunity to learn how one conducts himself at a party and it also makes the reading lesson more interesting.

CROCKER

Forty more moms and dads are now members of the Crocker P.T.A. The room bringing in the greatest number was the H7-L7, who report 11 new recruits. This organization is a truly cooperative outfit in the full sense of the word, as the officers and teachers are constantly in contact with each other to discuss ideas which further a complete parent-teacher relationship for a better understanding of the development of the child.

The 39 students from the various rooms who brought their moms and dads to membership are: 1st, Room 5 — Marcia Golden, Larry Nofziger, Alberta Perro, Anthony N.Y., Ned Lundy, Martin Verece, Fatsy Coffee, Tom Haslett, Lois Sadler, Carol Bates, 2nd, Room 4 — Elaine Ball, Janet English, Richard Kalinin, Vita Middle, Margaret Robertson, Carolyn Saumer, Charleen Smith, Samara Capetanich.

Third, Room 2 — Anita Copp, Billy Gensel, Edwin Kelly, Edwin Romer, Carl Landgren, Richard Emerson, John Christianson, 4th, Room 3 — Sherwood Rupp, Dick Hiett, Brower Dimond, Robert Morris, Sharon Hancock, 5th, Room 6 — Harold Dimond, Pauline O'Connor, Margaret Moore.

Sixth, Room 1 — Ronald Dickson. Outside the classroom the P.T.A. boasts six new members: James Snell, superintendent of schools; Norma Cennell, Stanford Hannah, principal of Jefferson High; John Mongan, counselor of Jefferson High; Mrs. John Mongan, and Mrs. James Jordan. A very successful year is anticipated by an already successful organization.

WOODROW WILSON

Members of the 14 class interested in writing poetry have recently put some of their work on the bulletin board which has been enjoyed by fellow classmates. Gary Atteberry and Arthur Eikemerry have been especially interested in this. The class, as a whole has been reading poetry from the language book aloud. They are now working on the "King's Breakfast" by A. A. Milne as a project in choral reading.

by Carol Donaldson

Last Monday the class pictures were taken for the Year Book. Each English class was photographed in groups of thirty. Along with these, pictures of the various clubs and organizations were taken. Sales for the book are coming along fairly well but could be improved upon.

An executive board meeting was held and the question of having a printed paper to replace the present mimeographed Totem Pole were discussed. It was suggested that the staff contact other schools and inquire about the cost. The constitution was then discussed and part of it was read aloud. An amendment to the section dealing with the lightweight blocks was discussed.

The Jefferson faculty has organized a club of its own. Mr. Moseley was elected president, with the assistance of Miss Bacocco as secretary-treasurer, and Mr. McGrath as vice president. Miss Henry is in charge of the Sunshine Committee, whose job it is to send flowers to the teachers who are ill. Miss Tully, Mr. Vollbrecht and Mr. Moseley have been chosen as representatives to the County Teachers' Association.

American Handmade Glassware For Beautiful Christmas Tables

Christmas is traditionally beautiful and Christmas tables should combine all the beauty and elegance that will carry out the theme and spirit of this most important holiday. A festive centerpiece will set the keynote for Christmas dinner and will also add its decorative appeal throughout the holiday season.

You will want to use your very best American handmade glassware, with all its elegance and sparkle, to make this a really gala event. And for gifts, fine glassware will be a welcome and treasured addition to any home—a gift that will give lasting and tireless service throughout the years.

News Column For The Veterans

Question: My husband is a World War II veteran suffering from a service-connected disability and is in need of a prosthetic appliance. Will Veterans Administration pay for the appliance?

Answer: VA will furnish a prosthetic appliance if the veteran has a service-connected or service-aggravated disability requiring an appliance.

Question: I enlisted in the war during July, 1947. Am I entitled to loan benefits under the G-I Bill?

Answer: If you served at any time between September 16, 1940, and July 25, 1947, and you were discharged under conditions other than dishonorable after at least 90 days of active service, or for a service-incurred disability in less than 90 days, you may qualify for a G-I loan.

Question: What is the last date on which a veteran to World War II may apply for a G-I loan?

Answer: Such veterans have until July 25, 1957 in which to apply for G-I loans. Armed Forces Recruitment Act enlistees will have 10 years after their period of enlistment is ended where the discharge date is later than July 25, 1947.

Notice Of Final Hearing Of Protests On The Formation Of Proposed Broadmoor Police Protection District

Notice is hereby given that there is on file with the Clerk of the County of San Mateo a petition for the establishment of Broadmoor Police Protection District. Said District is proposed to be formed under Sections 20,000-20,113 of the Health and Safety Code and provisions of The District Investigation Act.

A report concerning the advisability of forming the proposed district is on file with the Board of Supervisors of the County of San Mateo and is available for inspection at the office of the Clerk of said body.

The boundaries of the proposed district are as follows:

Being bounded on the West by the Easterly line of Skyline Blvd.; on the North by the lands of Henry Doelger, Builder, Inc.; and the Southerly line of Lake Merced Country Club and the most Northerly line of the tract known as Garden Village; and on the East by the Westerly Boundary line of the city limits of the City of Daly City; and the Westerly Boundary line of the incorporated area known as the Town of Colma; and on the South by the Northerly line of San Pedro Road and its extension Westerly to the Easterly line of Skyline Blvd.; known more particularly as Broadmoor Village tracts 1, 2, 3, 4, 5, Garden Village and portions of unincorporated Colma.

A hearing will be held before said Board of Supervisors on the 21st day of December, 1948, at 10:00 A.M. in the Chambers of the Board of Supervisors in the Court House at Redwood City, California. Protests concerning the formation of said district will be heard by said Board of Supervisors at that time.

A summary of the said report is as follows:

A local law enforcement agency is needed to supplement the existing county law enforcement officers in order to protect adequately the lives and property of over 5,000 inhabitants of this area. The cost of this project is estimated to be approximately \$15,000 a year, said cost to be raised by an assessment of fifty cents for each \$100 assessed valuation against the property within the proposed district. The present assessed value of the land within the district is \$579,265.00, the assessed value of improvements thereon is \$1,275,895.00 and the true value of land and improvements is \$1,855,160.00.

Notice is hereby given that 4 land within the proposed district, may be taxed or assessed for the proposed project in the event said district is formed.

(Pub. Oct. 7, 14, 21, 28; Nov. 4, 11, 18, 25; Dec. 2, 9, 1948.)

Here is good news for women who want something special for holiday family treats or something unusual at Christmas for friends who are hard to please! The de luxe fruit cake, delectable steamed pudding and rich fruit cookies are all made from one basic recipe by just using slight variations. The inimitable flavor of the dark corn syrup in the fruit cake enhances the fruit and spice flavor, and keeps the cake, pudding and cookies moist. The mild flavor of the light corn syrup gives the Yuletide Sauce a smooth texture and points up its delicate flavoring.

Fruit Cake

1/2 pound seedless raisins
1/2 pound finely cut dates
1/2 pound finely cut candied citron
1 pound finely cut assorted candied fruits: orange peel, lemon peel, pineapple and cherries
8 1/2 cups sifted all-purpose flour
1 teaspoon baking powder
1 teaspoon salt
1 teaspoon cinnamon
1/2 teaspoon each allspice, cloves and nutmeg
1 cup shortening
1/2 cup brown sugar
1 cup Karo Syrup, Red or Blue Label
3 eggs, well-beaten
1/2 cup orange juice

Weigh and prepare fruit. Mix fruit with 1/2 cup of the dry ingredients. Cream shortening; add sugar; cream until light. Add Karo Syrup; mix well. Add 1 cup of the dry ingredients; beat until smooth. Add eggs, beating in well. Add fruit; mix well. Add fruit ingredients. Fold in remaining dry ingredients. Bake in well-greased loaf pans, lined with waxed paper, in slow oven (250° F.) 4 to 5 hours, depending upon size of cake. Place shallow pan of water on bottom rack of oven during baking; remove during last hour. (Fruit cake improves with age. Prepare well in advance. Wrap well; store in airtight container.) Makes 5 pounds.

Fruit Cookies: Use 1/2 recipe for Fruit Cake; add 1/2 cup chopped nut meats with egg. Drop by teaspoonfuls on greased baking sheet. Bake in slow oven (325° F.) 20 minutes. Makes about 6 dozen.

Steamed Pudding: Use 1/2 recipe for Fruit Cake. Omit fruit and substitute 1/4 pound each seedless raisins, chopped dried figs, finely cut dates and candied citron. Place in well-greased 1-quart pudding mold or individual molds. Cover tightly; steam 3 hours for large mold; 1 hour for small molds. Puddings may be prepared well in advance. Reheat for serving by steaming 1 hour.) Makes 1 large or 10 individual puddings. Serve with Yuletide Sauce.

Yuletide Sauce

2 egg yolks
1/2 cup Karo Syrup, Red Label
1/4 cup orange juice
1/4 teaspoon salt
1 tablespoon Sherry flavoring or 2 tablespoons Sherry
2 egg whites
2 tablespoons sugar

Combine egg yolks, Karo Syrup, orange juice and salt in top of double boiler. Mix well. Cook over boiling water, stirring constantly, until mixture is slightly thickened, about 3 minutes. Add flavoring. Cool. Chill. Just before serving, beat egg whites until stiff but not dry. Gradually beat in sugar. Fold in egg mixture. Makes 3 1/2 cups.

Pie Full - Eye Full

Six-year-old Richard Baranski caresses his full stomach after being crowned pie-eating champ in New York City. Having polished off a 10-inch cranberry pie in 15 seconds flat, that stack of pies at left doesn't look too inviting. The contest was held by youngsters of the Madison Settlement House.

HI-LITES
AT C.C.S.F.

By Frank Galo

Previewing their talents for possible roles in forthcoming musical productions, the Opera Workshop in union with the A Capella choir, will present a concert tonight in the campus auditorium. The long-awaited attraction of the concert will be a satire on old-fashioned melodrama, entitled *An Operatic Trastesty*.

Tickets may be obtained today free of charge from the Guardsman office, the music department in building one, or the telephone operator in the main building.

Gamma Phi Ypsilon

One of the campus' newest and colorful fraternities is the Gamma Phi Ypsilon tribe. Leaders of this restricted society are Dale Fritz, president; Nick Miller, vice president; Jack Kearns, secretary; Richard Mauer, treasurer; Richard Wunderlich, historian; Roy Williams, pledge master; James Davis, C.A.B.; John Wright, sergeant-at-arms, and Dave Ramos, press agent.

The fraternity's main purpose is to create school spirit. These boys have bi-monthly meetings but tomorrow night is their big night for they have a joint meeting with the Phi Beta Rho lovelies at Sigmund Stern Grove.

Rendering the above information for the boys of the Kelly Green was Press Agent Dave Ramos. Ramos is the fraternity's intramural football star along with Doug Wilson, C.C.S.F. Soph King candidate. During the spring, Mr. Ramos, a pro-pharmacy student, is one of C.C.S.F.'s outstanding track stars. The popular lad is also the secretary of Balboa Alumni Athletic Club.

Football

The high-rolling Rams captured their ninth straight win at the expense of Stockton JC, 27-7. Really the score should read Ollie Matson, 27, Stockton, 7. All Matson did was to score all of the Rams touchdowns. On the second play of the game, Ollie took off on a 90-yard sprint to score. Bob Toquinto's conversion boosted the score to 7-0. After the visiting Cubs tied the game up, Matson scored again, this time on a 61-yard jaunt. Julian Bala converted and the half-time score read 14-7.

The Rams made it 21-7 in the third period on a 15-yard pass from Toquinto to Matson. Bala converted. Matson (monotonous, isn't it?) scored the last touchdown on a 22-yard pass from Al Neathercutt, substituting for Toquinto, who sprained his ankle. The Rams' offense slowed down because of Toquinto's absence as the game ended.

Matson, Toquinto, and Co. clash with Modesto JC at the Buccaneer field Saturday evening. Already winners of the "A" division, the Rams then meet Menlo JC, "B" division champs for the Conference title. Then it's off to Vallejo's Gold Dust Bowl to play the southland's choice, Chaffey JC. At present, Ira Blue, radio sports scribe is trying to arrange a game between the locals and the University of San Francisco. Not bad for a two-year college, huh?

Dis an' Dat

With Thanksgiving Day only two days away, yours truly wishes to thank the staff of this newspaper for allowing this column to be printed. It's really swell writing for them.

Last week was marked by initiation of new sorority and fraternity members. The college looked very colorful with the pledges wearing their respective colors. And what does Mr. Average Student think of these societies? Fraternities? Phooey! Sororities? Well, all right! New fad (?): A small percentage of C.C.S.F. boys have broken arms, hands, or legs. One class has 13 "cripples."

Orchids to Grover Klemmer, John Hamilton, and Roy Burkhead for their fine judging of the boxing bouts last week. Likewise to boxing mentor Roy Diederichsen, who has done a grand job at C.C.S.F.

Today Isn't Friday!
It's Just Turkey Week

The Daly City Record and Daly City Shopping News came out early this week, on Tuesday, as a convenience to advertisers and shoppers alike during Thanksgiving week.

Next week, the schedule goes back to normal, with The Record being published on Thursday, December 2, and The Shopping News being distributed on Friday, December 3.

There'll be no Shopping News at your door this Friday, November 26, but you may expect it again starting next Friday.

Two Get Fines

Two men were fined in the Daly City municipal court Friday for being drunk and in about an auto. They were Alfred Hornick, Golden West Auto Courts, who was fined \$25, and Victor Divers, 31 Delmonte street, San Francisco, fined \$50.

203 SCHOOL CHILDREN
GET FREE X-RAYS HERE

Two hundred and three chest X-rays were given to upper grade pupils when the mobile unit of the San Mateo County Tuberculosis and Health Association made their annual visit to the Jefferson elementary school district November 16 and 17.

The school nurse, Mrs. Sylvia Eastham, was assisted by ladies from the four P.T.A. units in the district in giving the X-rays. They were Mesdames Delores Chapman, Frances Wakefield, Mildred White, Bernice Cormack, Betty Kohlbrener, Belva Temkin, Grace Ferguson and Marie Sorenson.

The X-ray program is paid for by the purchase of Christmas seals.

VETS IN SCHOOLS
MUST FILE MONTHLY
REPORTS OF PROGRESS

Approximately 5,500 northern California veterans taking on-the-job training, or who are enrolled in private training schools under the G.I. Bill will not receive subsistence checks December 1 unless their monthly attendance and progress reports are filed immediately. This warning was voiced today by officials of the San Francisco regional office of the Veterans Administration.

The law requires that a veteran must show satisfactory grades or job performance in order to remain in training under the G.I. Bill and draw subsistence allowance.

All-City Touch Tackle
Teams Being Selected

Selection of an all-city touch tackle football team in both A and B divisions will be made next week, according to Bob Seiler, city recreation department worker who has been detailed to the Jefferson School District.

Coaches Bill Tugis of Crocker; Glen Smith, Woodrow Wilson, and Don Pagani, Jefferson elementary, will each nominate three candidates for all-city posts.

Woodrow Wilson won both A and B titles in the recently-concluded touch-tackle league.

St. Michael's Whist
Next Wednesday Night

The Catholic Ladies' Aid Society of St. Michael's Parish will sponsor a whist Wednesday, December 1 at 32 Broad Street. The whist will begin at 1:30 p.m.

Mrs. Ernestine Baare is chair-lady of the whist, assisted by Mary Blume, Betty Baare, M. Buckout, Mary Buskey and Louise Buckholz.

Final thought: Happy Thanksgiving to readers of this column. (Probably only the printer reads this stuff.)

Portsmouth Plaza
Centennial Center

San Francisco Centennial Chairman Carl J. Eastman today announced that the joint state-city contract for creating a Centennial Center in historic Portsmouth Plaza has been "signed, sealed and delivered" and that preliminary work will begin at once on the project for the Gold Rush celebrations of '49 and '50. Eastman also announced that Barney Gould will be managing director of the Centennial Committee.

Chairman Eastman's announcement followed months of negotiations between the San Francisco Centennial Committee, which will operate the Centennial Center; the San Francisco Park Commission, which will build the buildings; and the California Centennials Commission of the State of California, which has contracted to provide matching funds on a 50-50 basis with the City and County of San Francisco.

Replicas of three historic Gold Rush era buildings will be erected in Portsmouth Plaza, the heart of old San Francisco. They are the early Custom House dating from Yerba Buena days, the old School House, first public school in California, and the Dramatic Museum, a pioneer playhouse. Budget for the Portsmouth Plaza project, including construction and administration, is \$100,000.

RUTH CROSS NOW
MRS. CATTANEO

A white slipper satin gown with a sweetheart neckline, fitted bodice, and long pointed sleeves, was the wedding attire for Miss Ruth Pauline Cross, when she became the bride of Robert C. Cattaneo Saturday in Our Lady of Perpetual Help Church.

Father William Stewart performed the nuptials for the daughter of Mr. and Mrs. Clarence D. Cross, 137 Miriam street, and the son of Mrs. August Cattaneo, 235 Vista Grande avenue.

Giving his sister in marriage was Eugene Cross, in the absence of his father, who was unable to attend. The bride's veil was fingertip length with a heart-shaped net crown trimmed with lace. She carried a cascade bouquet with three baby orchids, white chrysanthemums and streamers.

Miss Audrey Cross was her sister's maid-of-honor, wearing an aqua gown. Bridesmaids were Virginia Pierret and Mrs. Augusta Morgan. Their orchid-colored gowns had a lace yolk, giving an off-the-shoulder effect, and hooped skirts. Miss Pierret wore an orchid hat while Mrs. Morgan feted an aqua headpiece.

John Janssen was the best man, with Jack Morgan and Robert Giovacchini acting as ushers.

Mrs. Cattaneo wore a grey coat, black skirt, and peach satin blouse with black accessories for her son's wedding. Mrs. Cross chose a navy blue dress with a grey coat and hat.

One hundred and fifty guests attended a reception which followed the ceremony. The affair was held at the couple's new home at 223 Vista Grande avenue, where they will return to live after a week's honeymoon.

Both the bride and groom are graduates of Jefferson high school.

LETTER FROM FRANCE

(Continued from page 1)
especially the allied nations, have to comprehend themselves better. The exchanges of all kinds, which are multiplying between U. S. A. and France, rejoice me in the present at least and with hope for the future. We are only ashamed a little to receive so much and to can give so little in the actual circumstances. That makes us unskillful often, but we have the heart filled of gratitude.

"There is what I had to say you. Now you will conceive better why it is so pleasant to receive American friends or their letters."

After the liberation of Nancy, we had at home many American soldiers and, with them, much gladness. Actually we see often in family Mrs. Dumont, Long and York of Daly City and Vallejo. Opportunely I don't forget the "Golden Bear" came to us from Vallejo. These ladies are good ambassadors who discover again the France and tell us the U.S.A., the California and specially your country. They related and they will relate you better than me what they have seen and heard in Nancy or in neighborhood.

"I have still to send by friendly salutation to you, American friends."

FUNERAL SERVICES
FOR BODIEN KIN

Mrs. Lenora (Nora) Curley, former resident of Daly City, died November 21 in the Dickinson Rest Home in Redwood City. Funeral services for the 80-year-old woman were held this morning at C. W. Lasswell and Company Mortuary with mass at Our Lady of Perpetual Help Church at 10 a.m. Interment was at Holy Cross Cemetery.

Mrs. Curley, born in 1868 in San Francisco, had lived in Daly City at 28 Rice street for seven years prior to going to the rest home three months ago. Surviving are two nieces, Mrs. Ada Tillman and Mrs. Agnes Bodien.

Pheasant Hunting
Ends On Sunday

With the end of California's pheasant hunting season one-half hour after sunset Sunday, November 28, legal shooting hours for other upland game will begin several hours earlier each day, reports the Division of Fish and Game.

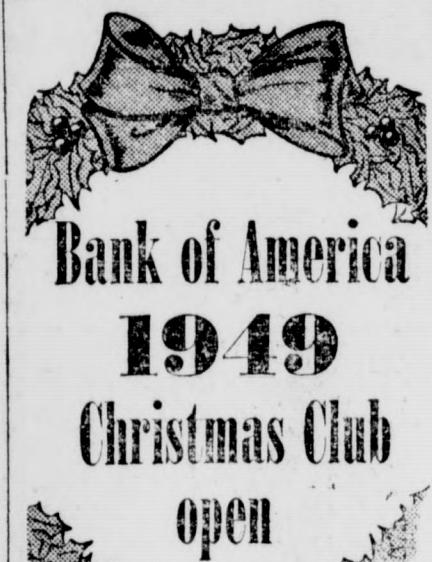

Instead of the 9 a.m. opening which applied to shooting throughout the pheasant season, hunters will be able to go after quail, tree squirrels, and rabbits from one-half hour before sunrise to one-half hour after sunset. The season ends December 31.

No Meeting For Troop
14 Until Next Week

Six members of Girl Scout Troop No. 14 and four of their friends, led by Troop Leader Mrs. Henry Seiler, visited the Jefferson Union High School swimming pool Saturday for a swimming outing. They were Margaret and Gertrude Runge, Arlene Pool, Carol Clarke, Marguerite Constantine and Joanne Enright.

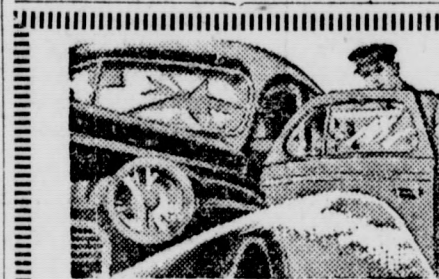

Troop 14 will not hold its regular Thursday meeting this week, because of Thanksgiving, but will get together next week, on December 2, to pack a Christmas box for the Navajo Indians.

At next week's meeting the group will make plans for decorating the Scout House for Christmas and complete plans for an investment to be held on December 9. Mrs. Helen Gould will preside at the investment, when Shirley Evans, Veronica Funk, Laverne Novelli, and Charlene Smith will enter the troop. Honor badges will also be awarded during the ceremonies.

High School Paving

Completion of paving of yard and parking area surrounding the two new shop buildings at Jefferson Union High School was announced this week by Peter J. Markovich of the high school board of trustees.

Postoffice Adopts
Automatic Vendor

Acting Postmaster John F. Fi announced that an automatic stamp vending machine to dispense postage stamps at face value has been placed in operation in the lobby of the Main Post Office, 7 and Mission Streets; thus inaugurating a new convenience which part of the Post Office Department's program to continually prove and expand its service patrons.

Similar stamp vendors will be installed at convenient spots Post Office lobbies throughout the country to dispense commonly used denominations of postage stamps. Post Office patrons will be spared the delay of standing in line during rush hours, and stamps may be purchased at any hour of the day or night and on Sundays and holidays whether or not the star window is open.

Automatically operated by insertion of a coin, the machine issues five 1c stamps for a nickel, two 5c air mail stamps for a dime, and five 3c stamps for a nickel at a time. It is equipped with a sensitive detector mechanism which rejects spurious coins and is rendered inoperative when the supply stamps is exhausted.

Oxygen Inhalator Now
Installed In Ambulance

A new oxygen inhalator and susceptor has been installed in the Daly City ambulance. It requested several months at County Health Director Dr. H. Old Chope surveyed the situation and ordered the equipment stalled.

The new equipment will permit first class first-aid treatment of the scene of accidents or emergencies, ambulance attendants said.

Gee Yuen "feeds good" at Caribou

...where P. G. and E. mountain crews
work hard and eat heartily

Appetites grow big at Caribou hydroelectric power plant up Feather River, and Chief Cook Gee Yuen keeps them satisfied. "I just feed good," he explains. That means laying out three tremendous "squares" every day to some of the hungriest men in the country — P. G. and E. crews — maintenance, line, engineering. For Gee knows that operating power plants and keeping transmission lines open in all sorts of weather is hard, healthy work... and must be rewarded with good foods. And he knows how to prepare real man-sized meals and special, tasty treats... making him the most popular man at Caribou.

Caribou's cook for 29 years, Gee soon will be ready to retire on a monthly pension, joining over 1200 other P. G. and E. pensioners who now receive regular retirement incomes.

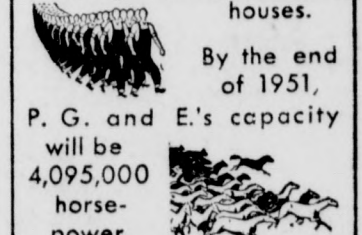

On the job today are 17,500 P. G. and E. employees working in more than 100 specialized fields necessary to produce and distribute power and fuel for Northern and Central California.

for the record

Caribou is one of 71 electric generating plants in P. G. and E.'s system. 7,000 men are now at work building still more power houses.

By the end of 1951, P. G. and E.'s capacity will be 4,095,000 horsepower.

Work never stops on our power-building program

P. G. and E. PACIFIC GAS AND ELECTRIC COMPANY

25,955,000 Road Project Is Thirty Per Cent Complete

The value of recently completed and going contracts on 63.4 miles of S. 101, U.S. 101 Alternate, and S. 101 Bypass amounts to \$25,955,000, Director of Public Works H. Purcell reported to Governor Warren today. About thirty per cent of the value of this work has been completed and the remainder rapidly being opened to traffic.

Extensive improvement is now under contract between Mussel Shoals and Sealiff northwesterly Ventura. The highway at this location is bordered on one side by the Southern Pacific Railroad and on the other by the ocean. The limitations imposed by the railroad have made heavy fill construction along the beach area necessary to provide sufficient width for the divided four lanes. Protection against severe surf is being provided by heavy riprap varying in size up to several tons. Construction costs for 1.2 miles involved will amount to \$1,149,000.

The San Joaquin Basin contains 8 per cent of the water resources of the State.

Third Center Light Is Not Legal Says Calif. Highway Patrol

If you own a late model Ford automobile and plan to drive it in California, don't let anyone sell you one of the new unapproved third lights for the center of the front grill. If you do use one you will be in direct violation of the law, the California Highway Patrol pointed out today.

The warning came as a result of a flood of sales literature from a Chicago concern manufacturing the new center lamp intended for installation on new Fords.

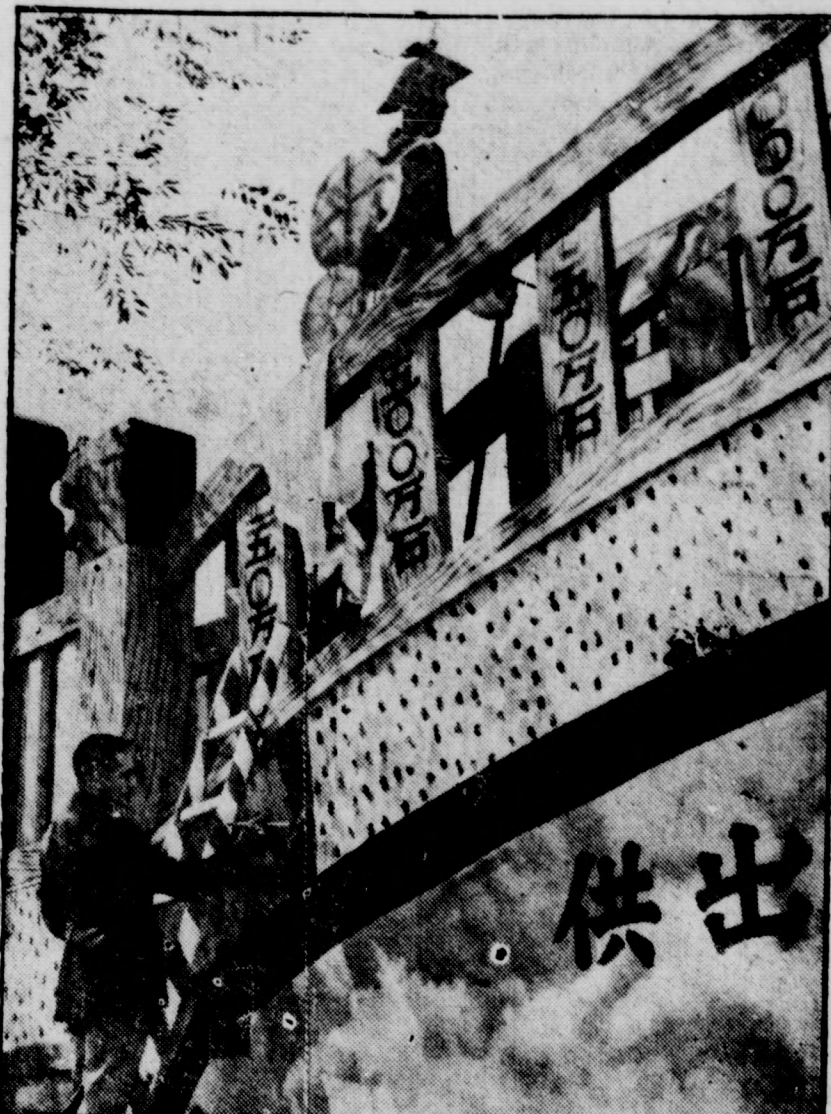

California law restricts the number of headlamps to two, no more and no less. It also restricts the maximum intensity to 75,000 apparent candlepower, approximately that of the two sealed beam lights now on cars. The addition of a center sealed beam lamp would raise the intensity to more than 100,000 candlepower, causing a serious safety problem to oncoming vehicles because of the glare, according to the Patrol.

TWIN CLEANERS GET TWIN TIME-PIECES

Twin Cleaners, at 6772 Mission street, near Westlake avenue, have identified themselves with timely service by the installation of twin electric clocks on the marquee above their store front.

The new neon timepieces, circled in golden neon, can be seen for a long distance both from the north and south on Mission street.

Keeping Score of Rice Deliveries

Lt.-Col. Hubert G. Schenck, of Palo Alto, Calif., records the latest percentage of the rice delivery quota on a symbolic bridge erected in downtown Tokyo to spur crop collections. Moving across the bridge is a figure representing the Japanese farmer. Its progress across the bridge from the countryside to the city indicates collections to date for this year.

NO SCHOOL FRIDAY IN FALL HOLIDAY

Students throughout the Jefferson School District, at Jefferson Union High School and Our Lady of Perpetual Help Parochial School will enjoy a Thanksgiving holiday, knocking off from their studies on Wednesday afternoon and not returning to their classrooms until Monday morning.

The high school student body will probably return to the Jefferson stadium en masse Thursday morning to witness the traditional Turkey Day football clash between the Indians and South San Francisco at 11 a.m.

Thanksgiving Day Mass At 7:30, 8:30 Thursday

Thanksgiving Day services at Our Lady of Perpetual Help Church will be observed with masses at 7:30 and 8:30 a.m., it was announced today by Father James Bergin, pastor.

GIRL SCOUTS ARE ASSEMBLING KITS TO SEND OVERSEAS

Appreciation to the public for the cooperation given them during their recent "Friendship Clothing Kit Drive" was recently expressed by the Daly City-Colma-Bayshore Girl Scouts.

The drive was exceedingly successful. At present the girls are assembling the kits for shipment overseas.

Former Naval Reserve officers, now transferred to the regular Navy, are required to attend General Line schools at either Monterey, California, or Newport, Rhode Island, where 44 weeks of training brings their service education up to a stage theoretically equaling that of U. S. Naval Academy graduates.

Tied Up

Movie actress Jane Greer is "Miss Valen-tie of 1949." She was singled out for the honor by the Men's Tie Foundation and outfitted with this harlequin-type costume, crazily quilted with several tie patterns, to reign over the organization's convention in New York.

PETS HAVE THEIR OWN CEMETERY ON HILLSIDE

The cemetery area in Colma, eventual Valhalla for most peninsula residents, is now complete. This seemed to be the case with the opening of "Pet's Rest Cemetery," located in Colma on Hillside boulevard, with complete facilities for the cremation or burial of pet animals.

The new burial ground is operated by Earl H. Taylor of Colma and William Belli of Daly City.

Winnie Grant in Dance Tour Of Northwest Area

Winnie Grant, popular novelty toe dancer from Daly City, is now on a dancing tour of the Northwest. In a letter to the Daly City Record, Miss Grant writes, "I've just finished a very successful engagement at the Club Hy Mac here in Portland and will work the complete Northwest before returning. I will include Vancouver, B. C., Washington, Oregon and Idaho in the Northwest tour."

Miss Grant, whose stage name is Lynne Grant, does character dancing as well as toe dancing. She is the daughter of Mr. and Mrs. Edward Grant, 119 Moltke street, Daly City.

CALIFORNIA COMMENTARY

By James Monroe Jefferson

In California, as in the nation as a whole, the trend of recent years has been to centralization of government and the consequent wresting of authority and relative autonomy from local governing units.

For example, we have the steadily mounting multiplicity of laws, practically all of which are designed to regulate the state, regiment and formalize the people under the state's hegemony, control the taxing and administrative functions under the state's tutelage. Partly as a result of this process, California has now amassed the tidy sum of 50,000 laws on the statute books. A few of them are necessary and valuable. Unnumbered hundreds of them have accomplished nothing more than to take government from the

people and the people's interests—to centralize new sections of the governmental process.

Purpose of Law

This is a departure from the primary and fundamental function of law, which is to deter misconduct. People have gathered themselves into social-political groups for the purpose of serving their respective needs. Law does not contribute positively to that service, as recent history has amply shown; its contribution is negative—one of restraining those who would interfere with the legitimate needs of the majority of the members of the society.

But government, as an inevitable result of this trend to centralization (bolstered by men with a yen to power) has become an end in itself. Behind the mask of unnumbered service patterns, and with an unwholesome increase in the air of paternalism, it has striven towards making itself the end-all and the be-all of the socio-political

existence. So the people must go on buying more and more government that they know little about and for which they have no need.

Birth of a Bureau

The centralizing process amasses a steadily increasing amount of authority and detailed administration in one office. It gets beyond the powers of an individual to manage and control it; and bureaus are born—bureaus and commissions. And as the centralized work produces confusion and duplication the bureaus and commissions expand and divide and multiply, sometimes to profit from their bigness and sometimes allegedly to unsnarl the mess. But they succeed only in making the mess more intense.

True, there is a certain amount of central government which is essential to secure the greatest good for the greatest number of people. Too little, as well as too much, leads to anarchy. (The latter is true because too much legislating

and regimenting produces disregard which is part of anarchy.)

Beyond the essential minimum of unifying government, further movements to impersonalize government take it further from the people, further isolate it from the people's interests.

Efficiency Experts

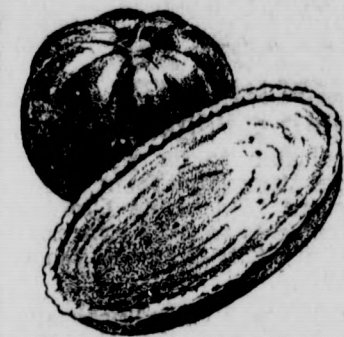

Sometimes, acknowledgement of the snarl (rarely of centralization as its cause in a free nation) brings the leaders to the point of calling in efficiency experts to get at the trouble; and the result is usually new commissions and added confusion.

The patriarchal government of the ancients is obviously no longer possible, because of the increase in numbers of people. But the further we go from that ancient form in the processes of impersonalizing and centralizing the governmental machine—the further we go in our attempts to over-refine the governing process, regardless of the people's needs and the dictates of the obvious—so much the further do we allow government to depart from the purpose for its existence, the negative protection of the respective needs of its people.

LOWER HEADLIGHT BEAM

Wise motorists lower their head-
light beams when approaching
other cars and keep them lowered
even though the other driver fails
to lower his, declares the National
Automobile Club. They know that
the possibilities of an accident are
greatly increased if both drivers
are blinded by high beams.

PIRATE GOLD

Legend says that seventeenth
century pirates buried doubloons
and pieces of eight on the slopes
of Neahkahnie Mountain along the
coast highway near Seaside in Ore-
gon. Equipped with all the modern
contrivances searchers still con-
tinue to seek in vain for this hidden
hoard.

More Than Dozen Local
Television Stations

Twelve to 18 television stations
may be in operation in north-
ern California before the end of 1949,
the San Francisco Bay Area Coun-
cil predicted today in a review of
the California television outlook.

First television station in the
area slated to take to the air is
KGO-TV, San Francisco-Oakland
outlet of the American Broad-
casting Company. It expects to be in
operation during January, followed
in March by KPIX-TV, owned by
Associated Broadcasters.

Four other stations in the Bay
area are contemplated in channel
allocations of the Federal Com-
munications Commission. Channels
have been allotted elsewhere in
northern and central California as
follows: Fresno four, Sacramento
three, Bakersfield and Stockton
two each, San Jose and San Luis
Obispo one each. Other television
channel allocations, tentatively
proposed but not yet created in-
clude Eureka four, Chico and Vi-
salia one each.

Milwaukee Midget Misfit

Smallest calf ever delivered to the Milwaukee, Wis., stockyards
is this Black Angus bull, which workers have tied to a fire hydrant.
It is two or more years old, weighs 155 pounds and is only 28 inches
high. The average calf of similar weight would be from three to
four months old.

SLIPPERY WHEN WET

Good brakes and good tires on
your car and good judgment as to
your speed are the best safeguards
against skidding on wet pavement.

DRIVERS' HIGH C'S

Observe the three C's of good
driving — Carefulness, Courtesy

SALMON TAKEN

Many sizable salmon have been taken during the past week along the Smith River in Del Norte county.

QUAIL HUNTING

Quail hunters should enjoy excellent sport when the season opens in Lassen county. The area has had its best quail crop in years.

HOOVER DAM

Hoover Dam, located 31 miles southeast of Las Vegas and 75 miles northwest of Kingman, Arizona, is reported to be one of the most remarkable feats of engineering in the world. The dam is 726 feet high, 1180 feet along the top, and backs up the waters of the Colorado River to form Mead Lake, which is 115 miles long and has a shore line of 550 miles.

DRIVING AT NIGHT

In spite of the fact that highway traffic falls off after dark, three out of five motor vehicle deaths still happen at night, points out the National Automobile Club. Poor visibility is the element that increases the danger. Automotive engineers have developed headlights that are much more effective than those formerly in use, but they still haven't perfected a headlight that illuminates the highway as brilliantly as does daylight. Until that

About 1.7 billions of dollars in war bonds were sold to Naval personnel in the Navy's war bond program from September, 1941, to July, 1947.

Each fighting man in the Navy consumes over a ton of food yearly; each ton requires 60 cubic feet of shipping space, about ten times the storage space of a standard home refrigerator.

The Navy's food requirements for the fiscal year of 1944, were 4,500,000,000 (B) pounds, enough to fill a freight train reaching from Boston to Charleston, South Carolina.

The Civil War battle between the Monitor and the Merrimack was fought in Hampton Roads, just off the present Norfolk Naval Supply Center.

MAINTENANCE CONSIDERATIONS

This is the season of the year when problems of maintenance weigh quite heavily upon the shoulders of the homeowner and amateur gardener. So, he should make mental notes and plan to alleviate some of them next season.

During the fall deciduous trees drop their adornment of foliage. Usually they lose their leaves during the course of several days. This is an advantage of such types of trees over the "evergreen" varieties. The so-called evergreens drop their leaves constantly throughout the year, which produces a continuous cleanup factor.

Also, this time of year tends to

inspire a flurry of activity by the amateur. Where with he decides to revitalize the lawn and winter sets in. In the space of a week or two he tries to make the turf into a lush green carpet, not mindful that he should have given it some care during the hot summer, and that water alone does not always completely fill the bill during those months.

WINTERIZING TIME

Fall in the garden reminds one of operations which take place then in the home. It is housecleaning; and the place is gone over completely, touched up, heavy rugs laid, and whatnot. Likewise in the garden. The flower beds are newly edged, the weeds pulled, and efforts made to install winter coloration in the garden plantings.

Again it should be said, were pro-

visions made in edging, for example, by placing redwood, brick, or stonework to maintain the desired even clean line, these turf-cutting operations could be eliminated.

And a growing garden, placed in the service area where winter flowering plants could be cultivated in pots or flats, then planted in the flower borders and beds when approaching bloom would cure another headache. Sometimes it is even more advantageous to leave these plants in their pots so they may be bodily replaced by subsequent flowers after they have completed their blooming period.

So, "a stitch in time" applies in the garden, too.

QUAIL OUTLOOK GOOD

Quail season should get off to a good start in Amador county, predicts the National Automobile Club. Large numbers of valley quail are now in the Jackson Valley area.

PROSPECTS FOR PHEASANT SEASON

Pheasant season should be excellent in the Colusa county area this year. The crop has been good and birds are numerous.
